Artnovion's construction line is composed of Surface, large scale panels aimed solely at the architecture and construction market. Our large scale panels allow you to incorporate your acoustics into the building of your space, supplying a practical and efficient solution. Komodo Surface is the perfect solution to treat reflective surfaces that cause interfering reflections and excessive reverberation, which can corrupt work environments, meeting and gathering areas, music quality and speech intelligibility. Easy and quick to install, Komodo surface is an efficient absorption panel with a 2D pattern, that when combined with other panels from our range, creates a mesmerizing effect.
