

**Performance**

**Features**

Type: Absorber

Absorption Range: 350 Hz to 4000 Hz

Acoustic Class: C | (aw) = 0,87

Available fire rates:  
FG | Furniture Grade

- Materials:
- Lacquered HMDF
  - Marine grade plywood structural frame
  - Calibrated cell acoustic foam

Four M6 Screw Thread receiver included on each panel.

**Dimensions:**

FG - LW | 595x595x66mm

**Technical Information**

Kalahari is a high performance acoustic absorber, crafted from wood using the same patented Artnovion technology that brought about the Sahara panel.

Kalahari has an elegant tessellated pattern, designed to meld seamlessly across rooms. Kalahari is especially efficient at reflection control, providing valuable scattering along with absorption.

The Kalahari absorber is available in a selection of sizes in lacquered and metallic finishes, available in 2 sizes in 2 orientations.

Kalahari's secret lies in its organic pattern, allowing you to increase the absorptive areas and change the morphology of the diffusing ridges, producing a panel truly tailor-made to your needs.

**Product finishes**

(FG - LW) Lacquered Wood Finishes

(L01) Blanc

(L02) Noir

(L03) Rouge

(L05) Silver

(L06) Noir Vintage

(L07) Graphite Black

(L08) Rose Gold

(L09) Classic Gold

(L10) Bronze

**Purpose**

- RT reduction
- Flutter echo control
- Reducing excessive reverberation
- Improving speech intelligibility

**Recommended for**

- Hi-Fi Listening Room
- Media Room
- Home Cinema
- Living Room
