Available fire rates:
FG | Furniture Grade

Dimensions:
FG: 595x595x58mm

*Four M6 Screw Thread receiver
included on each panel.*

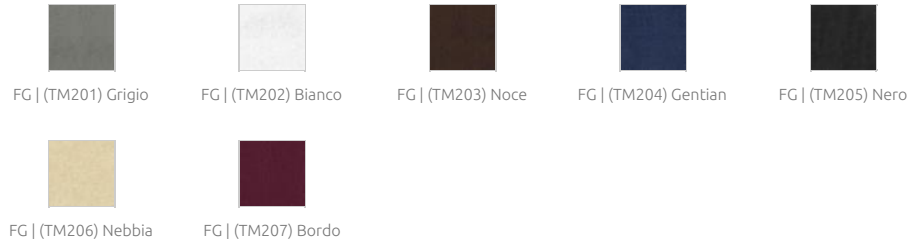

Dimensions:

595x595x58mm | 1.85 Kg

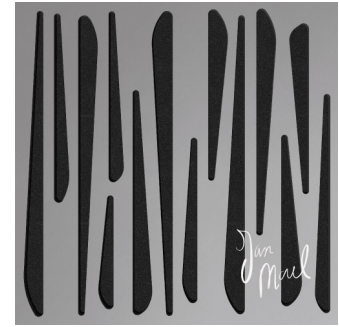

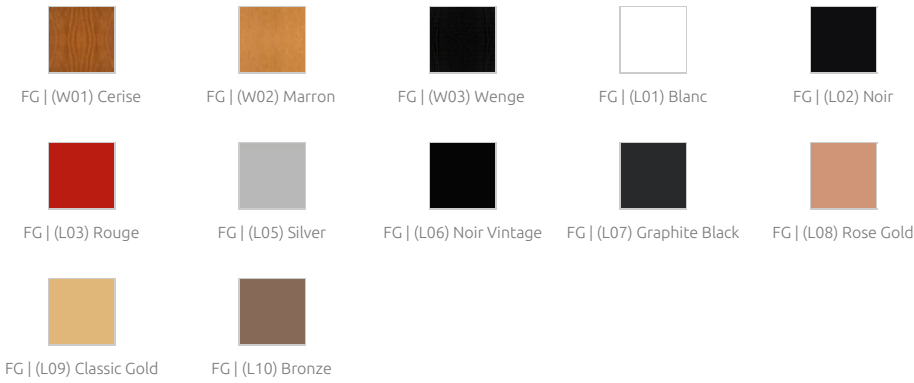

Antares absorber is the latest addition to the Jan morel product lineup. It is the culmination of precise engineering with the creative mindset of Jan Morel - resulting in a deviantly intense powerhouse of a panel. The tapered slots of the panel create balanced mid-range absorption, whilst the panels' deceptively large absorption area guarantees high performance high frequency absorption. Antares absorber is the perfect tool to tune your studios' acoustics.
