Technical Information

Features

Type:
Absorber

Absorption range: 250 Hz to 4000 Hz

Acoustic Class: C | (α_w) = 0,7

Available fire rate:

FG | Furniture Grade

Materials:

- Natural wood | Lacquered HMDF
- Marine grade plywood structural frame
- Calibrated cell acoustic foam

Four M6 Screw Thread receiver included on each panel.

Dimensions:

FG - LW | 595x595x55mm | 1.92 Kg

FG - NW | 595x595x55mm | 1.82 Kg

Athos is a high-performance panel, designed to counteract reflections, concentrating on mid-high frequencies, while its sleek surfaces and perforation also provide selective scattering over high frequencies, combining both effects in this distinct design. Available in a selection of lacquered and wood finishes, and in FG and FR+ Fire rates.

This striking panel is a prime example of signature Artnovion design.
